POWER HOUSE

GOODYEAR

High Performance

Le batterie auto **GOODYEAR** senza manutenzione a tecnologia Calcio-Antimonio rappresentano il nostro prodotto top per potenza e durata. Lo spunto a freddo è ai massimi livelli, per partenze sempre sicure in tutte le condizioni climatiche.

Caratteristiche:

- Ampio range di modelli
- Alta capacità di spunto all'avviamento, anche in condizioni climatiche difficili
- Bassa auto-scarica
- Zero manutenzione
- Resistenza alle vibrazioni
- Maggior durata anche durante lo stoccaggio
- Rispetto dell'ambiente

Lubrificante a base minerale
TANICA 1 Lt. MASTER 12

SINT PERFORMANCE 1Lt.

art. 55202

Lubrificante a base sintetica

MIX SCOOTER 2T 1Lt.

art. 55204

Lubrificante a base minerale

MIXSCOOTER2T è un lubrificante a base minerale indicato per motori 2 tempi di elevate prestazioni raffreddati ad aria e ad acqua, di motociclette e scooter con miscelazione automatica o premiscelata. Utilizzabile sia con benzine normali che senza piombo. La composizione già prefluidificata, ideale per i sistemi a lubrificazione separata, consente una più facile preparazione della miscela quando l'erogazione avviene in forma premiscelata. Raccogliere l'olio usato con guanti di gomma, evitare il contatto con la pelle. Proteggi l'ambiente.

MixScooter2T is pre-diluted mineral-based lubricant recommended for high performance, air and water-cooled, 2-stroke engines, for motorcycles and scooters with automatic mixing or premixed. It can be used with normal and with lead-free petrol. The composition is already prefluidified, ideal for separate lubrication systems, it allows easier preparation of the mix when it is distributed in a pre-mixed form. Use rubber gloves to collect spent oil, avoid contact with the skin. Protect the environment.

SINT PERFORMANCE 4Lt.

art. 55203

SINTPERFORMANCE è un lubrificante a base sintetica progettato per garantire altissime prestazioni, ideale per motori a benzina, diesel, GPL, dagli aspirati sino ai moderni turbo e multivalvole. La formula di protezione antiusura è eccellente per la rapidità a lubrificare i punti critici di attrito. Miscibile con prodotti a base minerale o sintetica è idoneo anche per autovetture munite di marmitta catalitica. Raccogliere l'olio usato con guanti di gomma, evitare il contatto con la pelle. Proteggi l'ambiente.

SUPER VISCO GRADE 4Lt.

art. 55201

SUPERVISCOGRADE è un lubrificante a base minerale indicato per motori benzina e diesel aspirati e turbocompressi, GPL compatibile con tutte le marmitte catalitiche, per autovetture e veicoli commerciali leggeri. La formula di protezione antiusura mantiene pulito il motore, con una totale assenza di depositi su cilindri, pistoni, valvole, candele e turbocompressori. Raccogliere l'olio usato con guanti di gomma, evitare il contatto con la pelle. Proteggi l'ambiente.

SUPERVISCOGRADE is a mineral-based lubricant recommended for aspirated and turbo-compressed petrol and diesel engines, LPG compatible with all the catalytic converters, for automobiles and light commercial vehicles. The anti-wear protection formula keeps the engine clean, with a total absence of deposits on cylinders, pistons, valves, spark plugs and turbocompressors. Use rubber gloves to collect spent oil, avoid contact with the skin. Protect the environment.

ELEMENT 11

Adattatori inclusi nella confezione / The package includes adaptors

Tecnologia con struttura interna d'acciaio: si adatta con precisione ad ogni parabrezza, garantendo bilanciamento e stabilità perfetti. È realizzata con una gomma di nuovissima formulazione con trattamento al teflon e grafite, resistente al caldo, al freddo ed ai raggi ultravioletti. È adatta alle condizioni climatiche più estreme, ed al contempo dura fino al 50% in più di una spazzola convenzionale. Inoltre è molto più silenziosa. Il design aerodinamico abbassa la rumorosità ed aumenta la stabilità alle alte velocità.

Spring steel design, suitable for any windscreen, ensuring a stable and perfectly balanced action. Made with new teflon and graphite treatment rubber formula, that is heat, cold and ultraviolet rays resistant. It is suitable in the hardest weather conditions, and the life is up to 50% longer than common wipers. It is also noise free. The wind pressure design keeps noise low and increases the stability at high speed.

SUPER LIGHT

art. 17855

"Super Light" la luce a led che illumina 5 volte di più di una normale lampadina a filamento. È posizionabile in vari posti interni all'auto come luce plafoniera, luce baule, luce portiera. "Super Light" is a LED lamp which gives off 5 times more light than a normal filament light bulb. It can be positioned in various points inside the motor vehicle e.g. ceiling light, boot (trunk) light, door light.
